## Entrepreneur Cafe

is a global movement where entrepreneurs meet to discuss ideas, get feedback or criticism, make friends, build relationship, get inspired or just have a cup of coffee to share the laugh. Thousands of entrepreneurs have attended our meetings around the world. The local networking meetings are **FREE** to attend.

## IMT Ghaziabad

With the vision of grooming leadership, research and entrepreneurship in society, IMT created E-cell in the early 2000s to support students with a keen interest in entrepreneurship. During its 12 years of functioning, E-cell has nurtured entrepreneurial spirit among the management students and has seen the launch of 20+ start-ups from the campus by its students. E-cell has also brought numerous short-term projects for the students of IMT and hosted reunions for entrepreneurs from batches from previous years. Seeing the success of these start-ups, IMT decided to launch the imt incubation centre for the students to cultivate entrepreneurship, promote innovation and support daring entrepreneurs from the campus.
