LEARN FROM THE ACADEMIC AND PLACEMENT EXPERIENCES OF CURRENT ALUMNI

The tag of IMT Business School has always been a feather on the cap. The advice of our alumni and the learnings from our faculties helped me stand excellent in the industry and add value. The most important thing for any marketing student is understanding the market connecting to the recent market trends and essence; IMT has always given us that exposure and opportunity to get ourselves to experience the nature of the market. I am grateful to be employed in the fastest growing logistics company Polar Star group because of IMT.

(Alumni Batch 2019-21)

Saloni Ojha
(Alumni Batch 2019-21)

It was an honor to be a student at IMT Business school and to graduate in the field of finance from the business school with an MBA degree. I learnt a great deal, expanded my horizons and established the foundations for success in my career. IMT has the highest standards of lectures by supportive and experienced professors, a friendly environment, an interest grabbing library and fruitful assignments that added value to my career. The placement at IMT (OCS) helped me to obtain an internship with Onuass (Al- Tayer Group) and seized a full time role as Finance Assistant in same organisation after graduation.
