Insights into the Dubai learning experience

PGDM Dual-Country Program

at IMT Campuses in Ghaziabad and Dubai
IMT Ghaziabad brings you a premium learning experience with a global edge

Studying management beyond borders provides cultural immersion, fostering adaptability and cross-cultural communication skills. It offers access to diverse faculty and resources while promoting independence and problem-solving abilities.

Living abroad enhances personal growth and resilience and broadens horizons. Overall, it equips students with a competitive edge in today’s globalised business landscape.
Dual-Country Program that ensures that you are ready for the global landscape

Embracing diverse cultures and seeking international exposure are invaluable assets in today's interconnected world. As borders blur and global interactions intensify, individuals who navigate and appreciate cultural diversity gain a competitive edge in both personal and professional spheres.

International Immersion at Partner Universities

Top CGPA Merit Scholars will experience 3-4 weeks of International Immersion at Partner Universities. Living in Dubai for a year immerses students in a melting pot of cultures, fostering understanding and appreciation for diversity. Interacting with people from different backgrounds enriches perspectives and nurtures empathy, essential qualities for effective global citizenship.
Professional Networking

Dubai's status as a global business hub provides unparalleled opportunities for professional networking. Through the various industrial activities and exhibitions, students can connect with industry leaders, entrepreneurs, and professionals from various sectors, laying the groundwork for future collaborations and career advancement. In addition, the Lifetime Subscription to the Lifelong Learning Program for Alumni, enforces an enriching alumni network.

Access to Global Opportunities

The program's location in Dubai opens doors to a world of possibilities. Students have access to diverse internship placements, job opportunities, and experiential learning experiences in one of the world's most dynamic and cosmopolitan cities. Here are some of the organisations where 160+ students have been placed* for internships.
