

LEADING CUSTOMER EXPERIENCE

DURATION: 2 DAYS

PROGRAM OBJECTIVES

- To gain an understanding of customer experience management
- To learn effective ways of listening and understanding the voice of the customer and voice of employees
- Map the customer journey and understand customers pain points
- Leave with a clear methodology for improving your organisation's customer experience across channels
- Be able to get cross-functional commitment towards executing the customer experience strategy

DELIVERABLES

- Customer Experience: The art & science
- Voice of Customer & Voice of Employee
- Moments of truth and customer journey
- Building & Maintaining the culture excellence–Process & People

PEDAGOGY

The programme will be delivered with a participant centered learning approach. The participants are encouraged to bring live problems, service and experience issues on the discussion board and work through them as the programme progresses. The programme is designed to get cross-functional employee teams to understand and appreciate the art and science of customer experience. Functional trainings help individuals improve their performance in respective roles.

TARGET AUDIENCE

The programme is aimed at middle to senior level marketing, sales, service operations, product, branding, customer support, customer relations executives. Ideally an organization should nominate 3-4 employees from different functional areas, as it will maximize the training impact.

PROGRAM DIRECTORS

Dr. Sapna Popli

Dr. Sapna Popli has more than 25 years of work experience, handling various roles that of a teacher, trainer, researcher, corporate executive, and an academic leader.
